

## **MESSAGE OF COMMISSIONER ON FOUNDATION DAY**

**Congratulations** to Kendriya Vidyalaya Sangathan on the occasion of **its Foundation Day** on 15<sup>th</sup> December, 2011.

Education is the backbone of a nation. Proper education can contribute to the creation of healthy minds and worthy citizens. If we want to survive and progress in this new world order, we have to enrich ourselves with adequate knowledge and skills. In India, we face a major challenge of preparing young minds for facing the challenges of the 21<sup>st</sup> Century and the best way to tide over this obstacle is by providing quality education to all.

We are proud to be part of Kendriya Vidyalaya Sangathan which is one of the premier organizations imparting quality education. I am proud of its significant growth and recognition of its contribution. With the promotion of ICT in our vidyalayas we are striving to improve the efficiency and effectiveness of education.

On the occasion of Foundation Day our solemn pledge should be to ensure quality education at any cost and maintain our standards contributing to social and economic development.

I consider myself privileged to have such meritorious and outstanding team at KVS and I wish to take this opportunity to appeal to all the employees of KVS community to work together in harmony for the betterment of our students.

**My best wishes on this occasion.**

**(Avinash Dikshit)**  
Commissioner
